Annual Member Care Share (AMCS) – The amount each Sharing Member commits to paying their care provider when obtaining services, before the Sharing Program will contribute towards eligible medical needs. This amount is based on the selected Sharing Program tier and is accumulated as medical services are received throughout the calendar year, from January 1 through December 31. AMCS must be met for each individual Sharing Member within a calendar year, including the Sharing Members that are considered dependents. For families, a minimum of two members must meet their maximum AMCS within a calendar year. After the AMCS is met for the calendar year, all eligible medical costs subject to the AMCS are shared at 100%, for all family members. Generally, and unless otherwise noted, the AMCS applies to services obtained. However, certain services are not subject to the AMCS and may be shared at 100% or only require a consultation or service fee (listed herein). If a consultation or service fee applies, it will continue to apply even after the AMCS is met.

Annual Pharmacy Share Maximum – The maximum amount any WeShare Access program will share, per Member, per year, for eligible pharmacy services.

Consultation/Consult Fee – A fixed dollar amount that is paid by a Sharing Member to the participating provider at the time of medical services rendered.

Eligible/Eligible for Sharing – A status indicating that a Sharing Member has met the conditions to qualify for sharing as described in the membership guidelines and as aligned with the parameters of the Sharing Program. Eligible for sharing expenses are those medically necessary services, supplies and/or treatment that are eligible for sharing under this Health Sharing Program. Charges for services, supplies, and/or treatments meant to treat or correct a preventable condition or a cost which arises solely due to a provider's medical error are not considered eligible for sharing expenses. A finding of provider negligence and/or malpractice is not required for service(s) and/or fee(s) to be considered not reasonable and allowed or not eligible for sharing.

Medical Need(s) – Charges or expenses rendered for medical services provided by a facility or a licensed medical professional to address illnesses or accidents.

Medically Necessary – A service, procedure, or medication that is necessary to restore or maintain physical function of a Sharing Member, and is provided in the most cost-effective setting, consistent with the Sharing Member's condition. The fact that a medical professional may prescribe, administer, or recommend services/care does not constitute a medical necessity, even if it is not listed as a membership limitation, or an ineligible need in the membership guidelines. To help determine medical necessity, WeShare Access may request the Sharing Member's medical records, and may require a second opinion from a third-party medical professional. Additionally, medically necessary relates to healthcare services or supplies determined by the shareable medical bill (SMB)s administrator in its discretion as necessary to diagnose or treat an illness, injury, condition, disease, or its symptoms, and that meet accepted standards of medicine.

If your shareable medical bill (SMB) is denied for reasons that involve medical judgment (such as lack of medical necessity) you may appeal the decision. Please see the appeals section of the membership guidelines for more information.

Membership Guidelines – A document which provides the recital of guidelines by which Sharing Members agree to. The membership guidelines describe the program elements, resources, membership details, and any stipulations/limitations that apply to membership and Sharing Programs. The membership guidelines help Sharing Members understand how monthly contributions are shared in accordance with the escrow instructions.

Participating Providers – Medical care professionals, facilities, and services – those of which fall within an in-network jurisdiction – and are under contract with WeShare through network partnerships with PHCS/MultiPlan and CVS Caremark to help limit medical costs for all Sharing Members. Participating providers can be found at weshare.org/find-a-provider or by calling Member Services at 800-900-8476.

When searching for participating providers, any results provided are for reference only; participating physicians, hospitals and/or healthcare providers may change at any point, and directories can at times be outdated. Please confirm network participation with provider and provide individual WeShare membership identification card(s) prior to scheduling any appointments, and before any service is rendered. Members are always personally responsible for their own medical bills.

Pre-Existing Condition – Any medical condition that a Sharing Member has prior diagnostics, represented symptoms for, been examined related to, and/or has received treatment prior to becoming an Active Sharing Member – whether known to a Sharing Member or not– is considered a pre-existing condition.

Sharing Member – Those who have applied to become a WeShare Sharing Member and have agreed with the Statement of Faith and Shared Beliefs; the sharing membership commitments, and the escrow instructions, and are not to be ineligible, as a result of any other reason (including age restrictions). Sharing Members much choose a Sharing Program tier, submit scheduled monthly contributions, through the form of direct payment. Sharing Members may submit eligible medical needs for sharing in conjunction with the membership guidelines, those of which constitute the specific Sharing Program and the escrow instructions.

Sharing Program – WeShare healthcare Sharing Programs offer a community of members who share in medical expenses. They are available through varying tiers, those of which constitute Annual Member Care Share (AMCS) amounts and maximums. Each tier is selected and approved on the membership application, recorded, and audited for accuracy.
