White Glove Care

Our Member Services and Provider Concierge teams are committed to ensuring a worry-free experience for all, and are always happy to help answer questions, check status updates, or help you navigate your healthcare journey. In that spirit, WeShare offers added resources and support through the Compassionate Care Program for any Members diagnosed with a critical or chronic illness or cancer while enrolled as a Member of WeShare.

Healthy Discount Program

Members can earn up to 20% off their monthly contribution amount by meeting certain health improvement measures or completing certain healthy activities.

How to Qualify

Members must complete a health review and blood panel test where measurements are all in a healthy range. The first blood panel test is paid by shared dollars.

If your blood panel test does not come back with normal values, Members can still qualify for the discount by completing a health management program offered by our partners at DocDay.

Note: If your spouse is included in your membership, both you and your spouse must each individually qualify to receive the discount. Each individual can qualify by either the healthy blood test results or by completing a health management program offered by our partners at DocDay.

If you do not qualify, you can reapply every 90 days.

How to Apply

After your membership begins, visit the DocDay Health app or website to order the blood panel test. The blood panel lab request will include a metabolic panel, lipid panel, hemoglobin A1c, and CBC.

Alternatively, you can complete a health management program offered by our partner, DocDay.

What Happens if I Qualify?

The discount will apply for the next 12 months after a qualifying blood panel test is received.

After the 12-month period ends, Members must complete the blood panel test again (resulting in normal values) or complete a DocDay health management program within 90 days of the expiration date to renew the discount. All subsequent blood tests are subject to Member contribution requirements.

For more information or if you would like assistance in enrolling in the healthy discount program, contact Member Services (800-900-8476).

Annual Member Care Share (AMCS) – The amount each Sharing Member commits to paying their care provider when obtaining services before the Sharing Program will contribute towards eligible medical needs. This amount is based on the selected Sharing Program tier and is accumulated as medical services are received throughout the calendar year, from January 1 through December 31. AMCS must be met for each individual Sharing Member within a calendar year, including the Sharing Members that are considered dependents. For families, a minimum of two members must meet their maximum AMCS within a calendar year. After the AMCS is met for the calendar year, all eligible medical costs subject to the AMCS are shared at 100% for all family members. Generally, and unless otherwise noted, the AMCS applies to services obtained. However, certain services are not subject to the AMCS and may be shared at 100% or only require a consultation or service fee (listed herein). If a consultation or service fee applies, it will continue to apply even after the AMCS is met.

Annual Pharmacy Share Maximum – The maximum amount any WeShare program will share, per Member, per year, for eligible pharmacy services.

Consultation Fee – A fixed dollar amount that is paid by a Sharing Member to the participating provider at the time of medical services rendered.

Eligible/Eligible for Sharing – A status indicating that a Sharing Member has met the conditions to qualify for sharing as described in the membership guidelines, and as aligned with the parameters of the Sharing Program. Eligible for sharing expenses are those medically necessary services, supplies and/or treatment that are eligible for sharing under this Health Sharing Program. Charges for services, supplies, and/or treatments meant to treat or correct a preventable condition or a cost which arises solely due to a provider's medical error are not considered eligible for sharing expenses. A finding of Provider negligence and/or malpractice is not required for service(s) and/or fee(s) to be considered not reasonable and allowed or not eligible for sharing.

Maternity – A Sharing Member's medical needs, or that of a newborn child's medical need(s), as related to prenatal/postnatal care, newborn delivery, and newborn care. A newborn child is defined as 0 to 18 months of age. Maternity medical needs do not extend to adoption, foster care, or family planning related services, such as fertility treatments.

Medical Need(s) – Charges or expenses rendered for medical services provided by a facility or a licensed medical professional to address illnesses or accidents.

Medically Necessary – A service, procedure, or medication that is necessary to restore or maintain physical function of a Sharing Member, and is provided in the most cost-effective setting, consistent with the Sharing Member's condition. The fact that a medical professional may prescribe, administer, or recommend services/care, does not constitute a medical necessity, even if it is not listed as a membership limitation or an ineligible need in the membership guidelines. To help determine medical necessity, WeShare may request the Sharing Member's medical records and may require a second opinion from a third-party medical professional. Additionally, medically necessary relates to healthcare services or supplies

determined by the shareable medical bill (SMB)s administrator in its discretion as necessary to diagnose or treat an illness, injury, condition, disease, or its symptoms, and that meet accepted standards of medicine.

If your shareable medical bill (SMB) is denied for reasons that involve medical judgment (such as lack of medical necessity) you may appeal the decision. Please see the appeals section of the membership guidelines for more information.

Membership Guidelines – A document which provides the recital of guidelines by which Sharing Members agree to. The WeShare membership guidelines describes the program elements, resources, membership details, and any stipulations/limitations that apply to membership and Sharing Programs. The membership guidelines helps WeShare Sharing Members understand how monthly contributions are shared in accordance with the escrow instructions.

Participating Provider – Medical care professionals, facilities, and services – those of which fall within an in-network jurisdiction – and are under contract with WeShare through network partnerships with PHCS/MultiPlan and CVS Caremark to help limit medical costs for all Sharing Members. Participating providers can be found at weshare.org/find-a-provider or by calling Member Services at 800-900-8476.

When searching for participating providers, any results provided are for reference only – participating physicians, hospitals and/or healthcare providers may change at any point, and directories can at times be outdated. Please confirm network participation with provider and provide individual WeShare membership identification card(s) prior to scheduling any appointments, and before any service is rendered. Members are always personally responsible for their own medical bills.

Pre-Existing Condition – Any medical condition that a Sharing Member has prior diagnostics, represented symptoms for, been examined related to, and/or has received treatment prior to becoming an Active Sharing Member of WeShare – whether known to a Sharing Member or not– is considered a pre-existing condition.

Program Guide – A summary of a Sharing Program's elements for eligible sharing, including some limits or AMCS, Member consultation fees, and share maximums.

Sharing Member – Those who have applied to become a WeShare Sharing Member and have agreed with the Statement of Faith and Shared Beliefs, the sharing membership commitments, and the escrow instructions. Sharing Members must choose a Sharing Program tier, submit scheduled monthly contributions, through the form of direct payment, and are not to be ineligible, as a result of any other reason (including age restrictions). Sharing Members may submit eligible medical needs for sharing in conjunction with the membership guidelines, those of which constitute the specific Sharing Program and the escrow instructions.

Sharing Program – WeShare healthcare Sharing Programs offer a community of members who share in medical expenses. They are available through varying tiers, those of which constitute Annual Member Care Share (AMCS) amounts and maximums. Each tier is selected and approved on the membership application, recorded, and audited for accuracy.
