WeShare
Healthcare by UHSM*

WeShare Community

Welcome to the WeShare health sharing family. We are committed to bringing wellness within reach through our clear and affordable healthcare program. As our most comprehensive healthcare Sharing Program, WeShare provides the peace of mind of choosing a doctor that's best for you, all through the flexibility that our Sharing Program provides. Whether you prefer the convenience of virtual care or have an in-person need, you'll easily find in-network care through the most comprehensive provider network of any sharing ministry. WeShare provides the resources needed to help proactively manage your whole health – mind, body, and spirit – with healthcare sharing and wellness perks.

This Program Guide serves as a summary of your WeShare Health Sharing Program Elements. Please carefully read all membership materials, including the membership guidelines, to fully understand your Sharing Program details and ensure you get the most out of your program.

Simple Healthcare Anytime, Anywhere

As a Member, you have access to the largest network of any sharing ministry through the PHCS® PPO Network, with 1,200,000+ doctors, hospitals, and specialty providers, as well as CVS Caremark™ with over 68,000 retail locations, including CVS MinuteClinic®. You can also access board-certified providers virtually through Amwell's telehealth services and behavioral health counseling through BetterHelp.

When you need care, you're typically responsible for a set consultation fee or an Annual Member Care Share (AMCS) amount, which works like a deductible.

How to Access Your Sharing Benefits

1. Locate a participating in-network provider.
2. Present your WeShare Member ID card and confirm network participation when scheduling your appointment or arriving for on-demand care and discuss pre-authorization needs.
3. Pay applicable consultation fees. Your provider will send the bill to UHSM for processing according to your Sharing Program. You'll receive an Explanation of Share (EOS), which outlines your responsibility (e.g. remaining AMCS amount) and any payment facilitated by UHSM from shared contributions.

Note: Combined, the providers in the WeShare network (PHCS PPO, CVS, Amwell, and BetterHelp), are considered participating providers and are under contract with WeShare to help limit medical costs for all Sharing Members through service discounts. Non-participating providers are not eligible for sharing through WeShare, except in life-threatening emergency situations. When a WeShare Member receives an eligible service from a confirmed participating provider, they are only responsible for the consultation fee or their Annual Member Care Share (AMCS) amount. If a provider attempts to charge you upfront for anything other than applicable consultation fees or for any amount above the Member responsibility on the EOS, please contact Member Services.

A list of participating medical and pharmacy providers is available online at [WeShare.org/find-a-provider](https://weshare.org/find-a-provider) or by calling Member Services at 800-900-8476.

When searching for participating providers, results are for reference only; participating physicians, hospitals and/or healthcare providers may change at any point and directories can at times be outdated. It is best to confirm that the provider is still participating when scheduling your appointment or at the time of service.

Wellness Perks Included

Caring for your mind, body, and spirit goes beyond taking care of your medical needs. Whether you're looking to begin or maintain a nutrition or fitness plan, or want resources to deepen your relationship with God, you have access to exclusive wellness perks (valued at \$1,000). Refer to the wellness perks brochure for additional information.

A Better You. Today.

We are committed to helping you be your best, brightest self, which includes taking care of your mental wellness. As part of this commitment, we've teamed up with BetterHelp® – one of the leading online therapy providers. Members can receive up to 10 counseling sessions per calendar year at no additional cost through BetterHelp. If in-person therapy is your preference, you'll find a wide array of therapy providers through the PHCS network (subject to a \$75 consultation fee). Learn more at weshare.org/benefits-of-joining.

Care Confirmation and Pre-Authorization

WeShare Members are encouraged to take a proactive, responsible, and preventative role in their healthcare. To our community, this means more than showing up for appointments. WeShare Member Services supports Members through care confirmation and pre-authorization to avoid surprise medical bills, and to help Members understand their program details.

Care confirmation helps Members understand potential out-of-pocket costs and can confirm that a provider is in-network. It can also help you understand your program's pre-authorization requirements. While not required for in-network services, it is recommended that Members call for care confirmation ahead of scheduled services. Care Confirmation is required for out-of-network provider services; Members should contact Member Services to discuss their sharing benefits and options for out-of-network providers.

Pre-authorization is required for inpatient hospitalizations, 23-hr observation stays, surgeries (not performed in a doctor's office), pregnancies, biopsies (when checking for or to rule out cancer), endoscopic and colonoscopy procedures, imaging such as laparoscopy, MRI, CT, and PET scans, Physical, Speech or Occupational Therapy, chemotherapy and radiation, infusion therapy, home health care, and durable medical equipment over \$2,500.

Members must ensure providers submit the pre-authorization form at least seven business days prior to performing the services referenced above. Providers can initiate the process by visiting [WeShare.org/for-providers](https://weshare.org/for-providers) to access and submit the pre-authorization form. WeShare Member Services is available via phone to help support you or your provider with the submission process at 800-900- 8476. Certain prescriptions also need pre-authorization, which can be obtained through CVS.

Frequently requested pharmacy services that require pre-authorization include narcolepsy, narcolepsy only, anabolic steroids, androgenic steroids, acne, and compound medications.

White Glove Care

Our Member Services and Provider Concierge teams are committed to ensuring a worry-free experience for all. We are always happy to help answer questions, check status updates, or help you navigate your healthcare journey. In that spirit, WeShare offers added resources and support through the Compassionate Care Program for any Members diagnosed with a critical or chronic illness or cancer while enrolled as a Member of WeShare. If you, a loved one, or another Member need assistance with information on the Compassionate Care Program, please contact Member Services at 800-900-8476.

Healthy Discount Program

Members can earn up to 20% off their monthly contribution amount by meeting certain health improvement measures or completing certain healthy activities.

How to Qualify

Members must complete a health review and blood panel test and show measurements that are all in healthy ranges. The first blood panel test is paid for by shared dollars.

If the blood panel test does not come back with normal values, Members have the option to complete a health management program offered by our partners at Integrative Health Direct Primary Care and are eligible to reapply for Healthy Discount every 90 days.

If you do not qualify, choose not to participate in the health management program and work on improving your results separately, you can also reapply every 90 days.

Note: Both the primary Member and spouse must individually qualify to receive the discount. Each individual can qualify by the healthy blood test results or by completing a health management program. Children are exempt.

How to Apply

After your WeShare membership begins, visit the WeShare member portal and download the lab order form. The blood panel lab request will include a metabolic panel, lipid panel, hemoglobin A1c, CBC, and thyroid stimulating hormone.

What Happens if I Qualify?

Once your bloodwork has been approved, the discount will apply for the next 12 months. The earliest the discount rate can apply is the second month from the program effective date. The first month contribution is locked in as the amount designated during enrollment.

After the 12-month period ends, Members must complete the blood panel test again (resulting in normal values) or complete a health management program offered by Integrative Health Direct Primary Care within 90 days of the expiration date to renew the discount. All subsequent blood tests are subject to Member contribution requirements.

For more information or if you would like assistance enrolling in the healthy discount program, contact Member Services at 800-900-8476.

Annual Member Care Share (AMCS) – The amount each Sharing Member commits to paying their care provider when obtaining services before the Sharing Program will contribute towards eligible medical needs. This amount is based on the selected Sharing Program tier and is accumulated as medical services are received throughout the calendar year, from January 1 through December 31. AMCS must be met for each individual Sharing Member within a calendar year, including the Sharing Members that are considered dependents. For families, a minimum of two Members must meet their maximum AMCS within a calendar year. After the AMCS is met for the calendar year, all eligible medical costs subject to the AMCS are shared at 100% for all family members. Generally, and unless otherwise noted, the AMCS applies to services obtained. However, certain services are not subject to the AMCS and may be shared at 100% or only require a consultation or service fee (listed herein). If a consultation or service fee applies, it will continue to apply even after the AMCS is met.

Annual Pharmacy Share Maximum – The maximum amount any WeShare program will share, per Member, per year, for eligible pharmacy services.

Consultation Fee – A fixed dollar amount that is paid by a Sharing Member to the participating provider at the time of medical services rendered.

Eligible/Eligible for Sharing – A status indicating that a Sharing Member has met the conditions to qualify for sharing as described in the membership guidelines and as aligned with the parameters of the Sharing Program. Eligible for sharing expenses are those medically necessary services, supplies and/or treatment that are eligible for sharing under this Health Sharing Program. Charges for services, supplies, and/or treatments meant to treat or correct a preventable condition or a cost which arises solely due to a provider's medical error are not considered eligible for sharing expenses. A finding of provider negligence and/or malpractice is not required for service(s) and/or fee(s) to be considered not reasonable and allowed or not eligible for sharing.

Maternity – A Sharing Member's medical needs, or that of a newborn child's medical needs, as related to prenatal/postnatal care, newborn delivery, and newborn care. A newborn child is defined as 0 to 18 months of age. Maternity medical needs do not extend to adoption, foster care, or family planning related services, such as fertility treatments.

Medical Need(s) – Charges or expenses rendered for medical services provided by a facility or a licensed medical professional to address illnesses or accidents.

Medically Necessary – A service, procedure, or medication that is necessary to restore or maintain physical function of a Sharing Member, and is provided in the most cost-effective setting, consistent with the Sharing Member's condition. The fact that a medical professional may prescribe, administer,

or recommend services/care does not constitute a medical necessity, even if it is not listed as a membership limitation or an ineligible need in the membership guidelines. To help determine medical necessity, WeShare may request the Sharing Member's medical records and may require a second opinion from a third-party medical professional. Additionally, medically necessary relates to healthcare services or supplies determined by the shareable medical bill (SMB) administrator in its discretion as necessary to diagnose or treat an illness, injury, condition, disease, or its symptoms, and that meet accepted standards of medicine.

If your shareable medical bill (SMB) is denied for reasons that involve medical judgment (such as lack of medical necessity) you may appeal the decision. Please see the appeals section of the membership guidelines for more information.

Membership Guidelines – A document which provides the recital of guidelines by which Sharing Members agree to. The WeShare membership guidelines describes the program elements, resources, membership details, and any stipulations/limitations that apply to membership and Sharing Programs. The membership guidelines help WeShare Sharing Members understand how monthly contributions are shared in accordance with the escrow instructions.

Non-Participating Provider – A healthcare facility or medical professional that is not part of the PHCS PPO or MultiPlan Networks, or CVS Caremark Networks, and thus represents an event that is ineligible for sharing, unless otherwise pre-authorized.

Participating Providers – Medical care professionals, facilities, and services, those of which fall within an in-network jurisdiction and are under contract with WeShare through network partnerships with PHCS/MultiPlan and CVS Caremark to help limit medical costs for all Sharing Members. Participating providers can be found at weshare.org/find-a-provider or by calling Member Services at 800-900-8476.

When searching for participating providers, any results are for reference only; participating physicians, hospitals and/or healthcare providers may change at any point, and directories can at times be outdated. Please confirm network participation with provider and provide individual WeShare membership identification card(s) prior to scheduling any appointments, and before any service is rendered. Members are always responsible for their own medical bills.

Pre-Authorization – A restriction placed on certain medications, tests, or health services, those of which require both Sharing Members and providers to first check eligibility with WeShare Member Services, and must follow procedure for any granted permission, before eligibility of sharing. To avoid unexpected medical bills or expenses, members must ensure that providers request and submit the pre-authorization form prior to performing services that require pre-authorization. Members and providers are asked to submit pre-authorization requests seven (7) business days in advance.

Pre-Existing Condition – Any medical condition that a Sharing Member has prior diagnostics, represented symptoms for, been examined related to, and/or has received treatment prior to becoming an Active Sharing Member of WeShare – whether known to a Sharing Member or not – is considered a pre-existing condition.

Preventative Healthcare and Wellness – While WeShare is not an insurance provider, nor affiliated with an insurance company, we voluntarily use the list of preventative care services, as outlined by www.healthcare.gov, as a guideline for eligible preventative care services. Minor exceptions apply and are noted by the ineligible sharing need(s) section of the membership guidelines.

If a Member schedules preventative health need(s) in conjunction with routine annual physical, there is no consultation fee or AMCS for the visit. If you receive both preventative health care treatment and other treatment or services during the physician's office visit past what is constituted as preventative care and wellness, the Member may be responsible for a consultation fee or AMCS for the visit.

Program Guide – A summary of a Sharing Program's elements for eligible sharing, including some limits or AMCS, Member consultation fees, and share maximums.

Sharing Member – Those who have applied to become a WeShare Sharing Member and have agreed with the Statement of Faith and Shared Beliefs, the sharing membership commitments, and the escrow instructions.
