

Welcome to WeShare®, healthcare by UHSM

Dear Member,

I'm Christopher Jin, President of UHSM. I want to personally welcome you to a community that means so much to me, the WeShare team, and so many Members whose lives have been changed by programs we offer. We're so glad you're here and can't wait to grow with you.

A little bit about us:

Our Members are committed to living healthy, happy lives. As a health sharing ministry, the team at WeShare is here to empower you in all aspects of your holistic wellness journey. Our programs, partnerships, and perks are designed to support your mind, body, and spirit while making it easy to access the care and services you need. From the smallest details in the billing process to the support offered by our partners, everything is designed to serve your whole health seamlessly and stress free.

So how does that happen? Let's talk about some of the features of your Legacy Program:

Faith-Based Sharing Support Beyond Medicare

- The Medicare network is the first place you turn for medical care so that you obtain the greatest savings and reduce potential out-of-pocket costs. UHSM will automatically receive the bill from Medicare to process remaining expenses eligible for sharing assistance, providing you with added peace of mind and support for medical expenses left after Medicare.
- If you have trouble finding a Medicare provider, you have access the largest network of any sharing ministry: the PHCS® PPO Network, with 1,200,000+ doctors, and specialty providers to ensure you receive the care you need at in-network, discounted rates. We're happy to help you navigate these situations and find the care you need. When accessing the PHCS PPO network, use the Member ID cards enclosed in this letter. Please take a moment to review your ID card details for accuracy. The card also includes important information to help your providers understand your sharing benefits. If you have any questions or need assistance, don't hesitate to reach out.

Virtual Care, Anytime, Anywhere

Amwell telemedicine connects you with board-certified providers across multiple specialties, including 24/7 urgent care, primary care, nutrition, and dermatology. Skip the wait—request a visit and receive care from the comfort of home. You'll receive an email from Amwell to complete your enrollment and start accessing virtual care.

A Better You

- We've partnered with BetterHelp® and Amwell to provide personalized online therapy. Members get up to 10 free counseling sessions per year through BetterHelp or 10 counseling and 4 psychiatry sessions via Amwell telemedicine. Prefer in-person care? You can use the Medicare network, with WeShare sharing in eligible services after Medicare. If finding a Medicare counselor is challenging, the PHCS PPO network offers additional in-network WeShare options.

Wellness Perks Included with Membership

- Dental and vision discount membership programs offered through Careington and Superior Vision are available at no additional cost to you.
- Hearing exams, at no additional cost to you, and discounted state-of-the-art hearing products through Amplifon Hearing Care are included in your membership.
- Members of the WeShare community also have access to a host of exclusive wellness perks, so take a look at the membership perks brochure included in your welcome materials for additional information.

As you become more familiar with the Legacy Program, our Member Services team is here whenever you need help answering questions, checking status updates, or helping you navigate your healthcare. We're available by phone at 800-900-8476 Monday through Friday from 10 a.m. – 8 p.m. ET or via email at members@weshare.org.

We look forward to supporting you in your health and wellness journey, and we're so thankful you're here.

Yours in health and faith,

Christopher Jin
President, UHSM
