

## | Welcome to WeShare®, Healthcare by UHSM

Dear Member,

We are grateful for the opportunity to have you as part of our caring community of WeShare Members. Our Members are committed to living healthy, happy lives and we are committed to empowering their wellness and lifestyle goals. Our program, partnerships, and perks are designed to add value and support every aspect of your health – mind, body, and spirit. With WeShare, you have access to some of the best healthcare program features available.

### **Networks That Work for You**

- To start, use your enclosed Member ID cards when receiving medical care or filling prescriptions. Kindly take a moment to review your details for accuracy.
- Access the largest network of any sharing ministry: the PHCS® PPO Network, with 1M+ doctors, diagnostic, therapeutic, and specialty providers. When presenting your Member ID card to a provider, the name you will give for the PPO Network is MultiPlan.
- For prescriptions, our partnership with CVS Caremark™ provides convenient access to over 68,000 pharmacy locations including Costco, Kroger, Walmart, and more.

### **Flexible Care**

- Access virtual care anytime, anywhere! Amwell telemedicine connects you with board-certified providers across multiple specialties, including 24/7 urgent care, primary care, nutrition, and dermatology. Skip the wait by requesting a telehealth visit and receive care from the comfort of home. You'll receive an email from Amwell to complete your enrollment and start accessing virtual care.
- CVS MinuteClinic® provides convenient quality care for minor ailments at 40% less than the cost of urgent care. Pay a low \$10 per visit for on-demand care at more than 1,100 locations nationwide.

### **A Better You**

- To care for your mental and emotional wellbeing, virtual counseling sessions are available at no additional cost through BetterHelp or Amwell (psychiatry visits are also available with Amwell). If you prefer in-person counseling, you'll find a wide array of therapy providers through the PHCS network.

### **Wellness Perks Included with Membership**

- Prescription, hearing, dental, and vision discount membership programs through Optum Perks, Amplifon, Careington and Superior Vision are available at no additional cost to you.
- As a Member of the WeShare community, you also have access to exclusive wellness perks valued over \$1,000. Please refer to the membership perks brochure included in your welcome materials for additional information.
